

ANNUAL REPORT 2019

Assalamu Alaykum Warahmatullahi Wabarakatuhu

My second administrative year has just ended and this report sums all the efforts contributed by the members and key stakeholders of Sulu State College academic community.

This report is a showcase of what every department has done, and what friends and supporters have contributed significantly to the education of the sons and daughters of Sulu.

This too is an invitation to every parent or guardian to send their children to SSC and entrust their children's future to us with a good yet affordable education.

While my leadership is yet halfway before it's done, I look forward for a more productive school year ahead despite the global challenges of the pandemic.

Together, let us make 2020-2021 a very fruitful school year!
